

# CREATOR

## GOD IS THE QUICKENER

In the beginning God created the sea and the land and all the living things on them. He continues creating every day.

We can share in a small way in this creation by having children, planting a garden, or writing a book because we are created in God's Image.

Blessed be the Lord forever, who reigns, lives, rules, amongst His flocks, gardens, plants, vineyards, babes, sons, and daughters, giving them the increase of Life.

*Blessed be the  
Lord, the  
Quickener who  
gives and restores  
Life.*

**GLORY AND PRAISE BE TO HIS NAME**
